HOSPITALITY – Tovi Andrews

No report.

ENVIRONMENT – Peter Stockwell

The building was cleaned on Tuesday before the open house. Bathrooms were sanitized, floors swept.

The kneelers on the chairs have soft pads applied to reduce the sound of the kneelers being dropped on the floor. A noticeable difference resulted. The kneelers will also receive a lubricant to stop the squeaking by some of them. The frontals need to have pads applied to raise them enough so the warping which occurred during flooding at the old location will be offset. Rich Rogers has accepted the job.

A recommendation of padding the chair leg bottoms was made so that movement of the chairs will not scratch the floor. The same may be helpful with moving the altar risers.

The communion rails are to be altered so the corners are removed. A parishioner was injured when her knee connected with the corner of one of the rails. No decision has been made as to when the alteration will happen.

A work party to move more of the stored materials in the house basement is needed. Questions have been asked about Godly play items and the Memorial Plaque which hung in the old facility by the sliding glass door. Several folding chairs and red pew chairs remain in the basement.

A recommendation is made to procure a vacuum which can work on both carpet and vinyl flooring.

A recommendation is made to hire a cleaning service, so the bathrooms, lower windows, carpets and vinyl flooring are kept clean and sanitized.

Thank you.

OUTREACH – Blaine Morgan

NEW FACILITIES – John Stockwell

We have gathered several times in the new building. Many thoughts have been brought forward regarding “We should This or That”. I have listened to those members with suggestions but have not acted on any as I am wanting to have us settle in before any adjustments or changes occur. At a near time I will begin to ask for those suggestions to be submitted in writing so that they may be reviewed.

A walk around with the architect and contractor has developed the “Punch List”. That is the list of items the contractor needs to provide, correct or install in order to complete the project. Several of the items on the Punch List are items that the members of the church have noted already. These items will be completed in the next couple weeks.

I have forwarded financial information to Timberland Bank. I contacted the diocese regarding needed items so the bank can proceed toward a mortgage. The audited diocesan financials are to be presented to the board of directors for approval next week. Following their approval, the financials will be forwarded to me that I may provide them to Timberland Bank. I will continue to pursue diocesan information for the mortgage process.

PASTORAL CARE – Penny Whitney

At a Pastoral Care meeting on August 1, we discussed combining reports within two groups: Pastoral Care and L.E.V. and removing non-active member's names from our mailing list. We also decided reluctantly that it would be too difficult to interact with a blind and deaf woman to add her to our list of people we visit. I will visit Shirley Perreira soon at Brookdale, when I next visit Vivian.

We sent a "thinking of you" card to Ray Flagg.

And, finally, we reviewed the descriptions of both the L.E.V. and Pastoral Care which I had written for Tovi to use at Open House. Corrections were made and Linda offered to make the corrections and put the finished papers in Tovi's mailbox.

Penny Whitney, Pastoral Care and L.E.V.
