**INTERIM VICAR'S REPORT - Craig Vocelka**

January 11, 2022

First, I want to thank everyone for their help as I'm becoming more comfortable in this role. For those leaving the B.C., thank you for all you have done, especially during these past two years as we struggled with growing as a community even when we have had all degrees of separation and isolation.

Our Christmas celebration was wonderful. I am so thankful that we were able to gather in person. I once again want to thank everyone who made that evening possible and for all those who helped in decorating the church.

The new creche – I would like to make that a gift to St. Antony's in memory of my nephew. I believe it is of a size that is more in scale for this space and hope the congregation will accept my gift.

For the time being we will continue with on-line only worship. I looked at the Kitsap County numbers today and they are still rising. If you look at the dashboard <https://kitsappublichealth.org/communityHealth/EpiData/EpiDataCOVID19Daily.php> you will see how sharp the rise has been. Hopefully, the models and predictions are correct and we'll see a down turn sooner rather than later. Once again, I know this is hard, but in our caring for one another I know it's the right thing to do at this point in time.

Looking forward to the annual meeting and the coming year.

With God's blessings and my prayers,  
*craig*

**PEOPLE'S WARDEN AND PASTORAL CARE – Penny Whitney**

**OUTREACH – Loretta McGinley & Dee Perreira**

The Outreach Team met on 11 January and brainstormed ideas for Outreach activities in the coming year. Maggie Scott provided information about her contact with outreach activities at Silverdale Methodist church. There was interest in collaborating with other churches/agencies to provide outreach, and planning several

fundraisers in support of agencies we choose to support. Next Outreach meeting will be in March; more specific planning for the year will happen at that time.

**WELCOMING – Emily Nickerson**

The Welcoming Group has been in a “wait and see” year due to COVID. As welcoming as St. Antony’s is, it’s a lot harder with masks on and six feet apart or ZOOM. So we have had to think outside the box.

We put together a new pamphlet that introduces everyone to St. Antony’s. It is in the pew backs and talks about our local history as well as the story of St. Antony. We gathered every similar pamphlet from every Episcopal Church that we could find and put together the what we felt were the best pieces of all: Gather, Grow and Go in terms of worship services, study opportunities, and outreach.

We are revising the newcomer information sheet to get more information about a family’s or individual’s interests, skills and previous areas of participation in church activities, and most important, their needs.

With the New Year Sylvia Campbell has kindly offered to do a short biography of parishioners for the Glad Tidings each month. We have slips of paper with everyone who is in the 2021 Directory and Sylvia will draw one and contact that person to learn more about them. We are hoping that learning more about our congregation will lead to more connections.

Our biggest project is the creation of a new “inhouse” photo directory. Peter Stockwell has offered to help photography and format. He will be at the church for several Sundays and can take family or individual pictures. However if you have a picture that shows you with a project, hobby or pets, that would be great. The directory hopefully will show who we are a member of St. Antony’s and as a church.

Since we are thinking outside the box we welcome ideas from you. At least COVID has forced us to be a little more creative and every idea is important. Speak to Emily Nickerson, Sylvia Campbell, Kathy Avery, Penny Whitney, Carolyn Sorrell, and Tovi Andrews. And if you would like to be a part of this group, please feel free to join.

## **Profile Committee Report – Marty Whitaker**

Profile committee meeting Jan. 10, 2022.

We discussed the need to have the New Bishops Committee review St. Antony's Mission Statement. Does it still reflect St Antony's today or does it need to be revised before our search begins.

We also discussed the need to understand where our Parishioners feel we stand today. After three years of changes in our lives and now looking for a new Priest, are there concerns we need to consider that might be new. To get a better understanding we have decided to give the congregation the opportunity share their concerns with us privately. To accomplish this we have opened a gmail account for private correspondence.

The Profile Committee will be sending out letters to our congregation, offering them the opportunity to correspond by email with our committee. We would also like to give them a way to leave a message at the Church if they feel more comfortable. All correspondence will be confidential. We plan to include a response card that could be dropped into the Stewardship Box and collected after services should they choose.

Our gmail address is [stantonysprofilecommittee@gmail.com](mailto:stantonysprofilecommittee@gmail.com)

Our next meeting is Jan 24,2022.

Marty Whitaker

## **Driveway Luminaire Report – John Stockwell**

### **BC Report January 16, 2022**

#### **RE.: Driveway Light**

There are several parts to installing a new luminaire for the driveway. Materials, Labor, Permits and Planning.

There is an existing 2-inch PVC conduit available that was placed during building construction. Planning will require thinking about the current driveway light plan and what may be desired in future time for items such as a church sign and available power for receptacles. (such as could be used to illuminate the cresh)

Labor can be provided by church members, but final electrical connections must be completed by a licensed electrician and inspected by L&I.

#### Materials:

Place new NEMA power panel	250.00
Frame for Panel (Unistrut)	125.00
Breakers (for feed and panel)	125.00
Conduit to light base	75.00
#8-4 conductor wire 175 Feet	350.00
#12-2 w/gnd UG grade	100.00

Miscellaneous consumable items 35.00

Subtotal 1060.00

Labor:

Place conduit from power sub panel to luminaire base (Do not bury trench)

Dig hole, build form and pour concrete luminaire base (Do not bury concrete)

Install #8 wire from main building panel to new sub panel

Install circuit breakers in main building panel and sub panel

Install #12 wire from sub panel to luminaire base \*Request inspection at this point of work

Mount luminaire pole and extend #12 wire to top of pole

Mount new lamp fixture and connect to #12 wire

	QTY	PRICE
		
<b>15 Foot Light Pole- 4 inch square tube light pole</b>		
<b>Choose Mount Type: Accessory Kit Add On</b>	1	\$724.98
<b>- \$104.99</b>		
<b>Round or Square Pole: Square Pole</b>
